

## WHO ARE WE?

Eleeo Project is a ministry working in an area of Southern Zambia known as Chikankata. The word ELEEEO means to act with compassion or mercy. As part of this vision, we like to identify practical needs in the communities around us and respond appropriately. Education assistance is one way in which we show compassion to the less fortunate in the areas we work. We do this through our ministry known as Operation Eleeo.

Eleeo Project is a ministry of Commission to Every Nation (CTEN) a registered 501(c)(3). **All donations are 100% tax-deductible.**

To make a secure online donation to Eleeo Project or learn more about Eleeo Project and the work they are doing in Southern Zambia, please visit their website at:

Kerrville, TX 78029-1307

# ELEEEO PROJECT

BRINGING NEW LIFE TO THE SPIRITUAL  
AND PHYSICAL WASTELANDS OF SOUTHERN ZAMBIA  
Isaiah 43:19-20

## ZAMBIA

Zambia is a land-locked country located in the Sub-Saharan Africa. It is roughly the size of the state of Texas and has a population of about

13 million people. There are 73 different languages and dialects spoken in country making it a melting pot of different tribes. Zambia has a tropical climate and is known for its beauty, most notably Victoria Falls, one of the seven natural wonders of the world.

Zambia is also one of the poorest countries in all the world. It is estimated that 68% of the population lives at or below the international poverty line (\$1.25 per day). Because schools require their pupils to pay for school fees, books, and uniforms after grade 7, most children in Zambia are unable to afford school and drop out. The result is that only 20% of Zambians ever finish high school and 2% will receive their college diplomas. We want to see this cycle changed. Would you consider helping us one family at a time?

## MEET THE ZIMBAS

Dailes Zimba is a 38 year old widow who lives in Zambia. Her husband passed away 9 years ago and left her to care for their 3 children (Raymond, Memory & Milton).

Dailes is employed as a maid and is able to provide for her family's basic needs, but she still struggles to afford schooling for her youngest two children. She is very passionate about their education and wants more than anything for her children to succeed. Dailes' two youngest children are very bright, hard working and still at an age where proper schooling can make a significant impact on the rest of their adult lives.

School at her church. She is a very good student, scoring very high marks in all of her primary courses thus far. She would love the opportunity to one day pursue a college degree.

Memory is 15 years old and just about to enter the 10th grade. She loves spending time with her friends and family and teaching childrens' Sunday

Milton is 12 years old and full of energy. He loves playing soccer and being around his friends and family. Like his sister, he is a very good student and is very excited about learning. Milton is entering the 8th grade.

## HOW CAN YOU HELP?

Our desire is to assist Dailes in ending the cycle of poverty that exists in her family. We want to send Memory and Milton to Chikankata Highschool.

This particular school is one of the best schools in Zambia in terms of quality and cost of edu-

cation. Many of the children from this high school go on to complete their university degrees and become the future leaders in industry in Zambia.

**Our goal is to raise \$5,000 for their education.** This money would cover the cost of tuition, books and uniforms for both children for the duration of their high school education. Would you consider helping us help this family?
